

ABDIRAHIM IBRAHIM MOWLIID

Somali, Mogadishu, Banaadir
Email ·apdirahiimipraahim@gmail.com·

As a software developer, my career objective is to leverage my technical skills and expertise to design and develop innovative software solutions that meet the needs of users and clients. I am passionate about coding and enjoy tackling complex problems with creative and efficient solutions.

EXPERIENCE

3-6-2024 -TODAY

MACHINE LEARNING, SETSOM TECHNOLOGIES

Developed and deployed machine learning models for data-driven applications, focusing on predictive analytics, classification, and automation. Worked with Python, TensorFlow, and Scikit-Learn to build AI solutions. Designed and optimized machine learning pipelines, integrated models into web applications using Flask/Django, and managed databases with PostgreSQL. Collaborated with cross-functional teams to deliver AI-powered solutions for real-world problems..

02-01-2025 -TODAY

FREELANCER WEB DEVELOPER, KARIM

Responsible for developing and maintaining web applications, optimizing website performance, and implementing security measures. Proficient in front-end and back-end technologies, including HTML, CSS, JavaScript, Flask, and PostgreSQL. Worked on AI-based applications, database management, and UI/UX enhancements.

02-10-2023 -11-01-2025

IT AND WEB DEVELOPER SPECIALIST, SOMALI NATIONAL WOMEN ORGANIZATION OCTOBER

I handle all aspects of IT and web development for the company, including website design, backend development, server management, and troubleshooting technical issues. I develop and maintain web applications, ensure cybersecurity best practices, and provide IT support to optimize business operations. My role involves working with technologies like HTML, CSS, JavaScript, PHP, and WordPress, as well as managing databases and cloud services.
